

SPÜLBOY® on tour!

Thanks Nuremberg! Thanks Krakow! Our participations at the Brau Beviale in Nuremberg and the HORECA show in Krakow turned out to be the highlights in November 2015. Moreover for Spülboy® glass washing concepts the year 2015 were marked by numerous new international contacts, interesting meetings and future-looking product presentations. "Quality of Life for All" becoming more and more reality.

New year. New company structures!

Good to know! Schicker & Schäfer GmbH will be adopted by Schäfer Produkte GmbH starting at the 01.01.2016. Thus Schäfer Produkte GmbH will be the future legal successor and undertakes all commercial activities.

All tasks and themes like development & conception, production, assembly, marketing and sales will be united under one company name. By that the logistic and operative procedures will be optimized and tailored best possible for our customer needs and requirements. Our headquarter, the whole production as well as all contact details and your responsible contact person will remain in Wuppertal.

We would like to take this opportunity to thank all our customers, our suppliers and all the faithful Spülboy® fans for this successful and eventful year. Cheerfully and with good expectations we look into the new year and wish your and your family a peaceful Christmas time and good health in 2016!

**THINK NEW.
CLEAN GREEN!**

Your Spülboy® Team
